<tbody>
<tr>
<td>2006</td>
<td>Confidential gold cyanide heap leach facility – Lead Auditor for Gap analysis and verification audit for compliance with the ICMC. Audit followed ICMI verification protocol and included development of detailed audit report and action plan.</td>
<td>Nevada, USA</td>
</tr>
<tr>
<td>2002-2006</td>
<td>United Park City Mines Company - Historic mining and milling complex including two CERCLIS sites and 14 mine/mill sites; lead auditor for comprehensive environmental compliance audit and liability cost assessment. Original audit and liability assessment report delivered December 2002, since then have completed quarterly compliance audits including interviews, review of new documents and remediation progress, site visits and reporting.</td>
<td>Utah, USA</td>
</tr>
<tr>
<td>2005</td>
<td>Confidential gold cyanide heap leach facility - Environmental compliance audit and due diligence for stock purchase of company, including interviews, record review, and permit compliance. Compliance issues identified and corrective action plans and cost estimates developed.</td>
<td>Nevada, USA</td>
</tr>
<tr>
<td>1997-2006</td>
<td>Climax Mine - Remediated mill tailings impoundment; Comprehensive 3rd-party environmental compliance audit during and post-remediation for conversion of impoundment for water storage reservoir on Eagle River. Ongoing annual audits of facility include interviews, document review, site visits, water quality compliance verification sampling and reporting.</td>
<td>Colorado, USA</td>
</tr>
<tr>
<td>2001</td>
<td>Ruby Hill Mine - Gold cyanide heap leach facility; Compliance audit of mine closure plan including cyanide facility closure and cost estimate.</td>
<td>Nevada, USA</td>
</tr>
<tr>
<td>1999</td>
<td>ZCCM - Copper-cobalt mine and mill complex; Compliance audit of facility against World Bank compliance criteria.</td>
<td>Konkola, Zambia</td>
</tr>
</tbody>
</table>
**Cyanide-related Operations Experience**

Each auditor must have at least 3 years; at least one auditor must have at least 7 years experience

<tr>
<td>Scott H. Miller, CEA</td>
<td>15</td>
<td>Mining Environmental Consultant</td>
<td>Since 1991, Mr. Miller has provided environmental consulting services for the mining industry. Approximately 75% of his time has been spent with gold operations including geologic and geochemical site characterizations, new mine operating plans, mine permitting, compliance auditing, remediation plans, water management plans, cyanide facility closure plans, closure cost assessment, and water quality compliance management.</td>
</tr>
</tbody>
</table>

**Statement of No Conflict**

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
