Cyanide-related Operations Experience

Each auditor must have at least 3 years; at least one auditor must have at least 7 years experience.

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Juan Carlos Rangel	17	Project Manager	Environmental Consultant performing and supervising over 700 Phase I Environmental Site Assessments, approximately 25% of which have been performed in chemical or manufacturing facilities handling hazardous chemicals (e.g. pesticides synthesis, fertilizers, chromium plating, acid production, polymers production, solvent based paint manufacture, solvent and acids purification, manufacture and use of explosives, etc). Over 60 EHS compliance audits; he has been lead auditor in 20, five of them have been to chemical facilities. Over 20 Cyanide Code Audits and Gap Analyses for mines, transport companies and distribution centers.

Statement of No Conflict

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
