Lead Auditor Experience:

Clinton Phaal, PIEMA – Ramboll UK Limited

Year	Type of Facility/Type of Audit Led	Country
2019	Lead Auditor: On behalf of Kinross Gold Corporation, conducted an International Cyanide Management Code recertification audit of the Chirano Gold Mine located in south western Ghana.	Ghana
2019	Lead Auditor: On behalf of Kinross Gold Corporation, conducted an International Cyanide Management Code recertification audit of the of Round Mountain Gold Corporation, Round Mountain Mine, Nevada.	USA
2019	Eldorado Gold Corporation/Tüprag Metal Madencilik Sanayi ve Ticaret AS (Tüprag), Lead Auditor, recertification audit of Kışladağ Gold Mine	Turkey
2019	On behalf of Georgian Manganese conducted Environmental Legislation Compliance Review of mining and processing facilities to prepare a lobby position for environmental liabilities in advance of Georgia acceding to EU legislation.	Federation of Georgia
2016	Lead Auditor: On behalf of Chukotka Mining and Geological Company and Kinross Gold Corporation, conducted an International Cyanide Management Code recertification audit of the Kupol Gold Mine located in Russia.	Chukotka, Russian Federation

Auditor Credentials Form International Cyanide Management Code Audit

Year	Type of Facility/Type of Audit Led	Country
2016	Lead Auditor: On behalf of Kinross Gold Corporation, led an International Cyanide Management Code (ICMC) re-certification audit of the Chirano Gold Mine located in southwestern Ghana.	Ghana
2016	Lead Auditor: On behalf of Flint Group, completed environmental and health and safety compliance audits of eight printing ink facilities located throughout South Africa.	South Africa
2016	Lead Auditor: Golden Star Resources, Ghana. Led the Audit for the ICMC (International Cyanide Management Code) recertification of the Wassa gold mining operations.	Ghana
2016	Lead Auditor: Golden Star Resources, Bogoso Mine, Western Ghana. Led the Audit for the interim ICMC audit undertaken of the cyanide facilities at the Golden Star (Bogoso/Prestea) Limited (GSBPL) mining operation.	Ghana
2016	Auditor: Part of a multidisciplinary team assessing environmental compliance liabilities relating to a large portfolio (approximately 800 sites) of fuel retail sites and depots located throughout South Africa.	South Africa, Botswana
2015-2016	Project Manager and Lead Auditor: Environmental Due Diligence review of SunChemical Corporation printing ink facility located in Maitland, Cape Town, to identify any significant environmental liabilities, specifically relating to potential impacts to soil and groundwater.	South Africa
2015	Project Manager and Reviewer: Support to Bauba Platinum Limited for the development of three Greenfield underground platinum mines within the Limpopo Province of South Africa including a scoping process as part of the EIA Phase for the project.	South Africa
2015	Project Manager and Lead Auditor: On behalf of Chromaflo, conducted a Phase I Environmental Site Assessment to determine pre-lease baseline conditions for a proposed ink manufacturing facility in Johannesburg, South Africa.	South Africa
2015	Project Manager: On behalf of TOTAL completed compliance audits of 18 fuel retail sites located across Botswana to evaluate and assess the compliance of the current operational activities against Environmental Management Plans (EMPs) developed for the sites.	Botswana
2015	Project Manager and Auditor: Environmental Due Diligence review of SunChemical Corporation's printing ink facility in Robertsham, Johannesburg, to identify any significant environmental liabilities, specifically relating to potential impacts to soil and groundwater and compliance issues.	South Africa
2015	Project Reviewer: Managed and reviewed an assessment and verification audit of AfriSam's Springvalley Quarry	South Africa

Auditor Credentials Form International Cyanide Management Code Audit

Year	Type of Facility/Type of Audit Led	Country
	Environmental Management Programme Report (EMPR) in accordance with Regulation 55 of the Mineral and Petroleum Resources Development Act (MPRDA).	
2015	Auditor: International Cyanide Management Code (ICMC) pre-assessment of the Golden Star Resources Wassa Mine in Ghana in January 2015, in advance of the ICMC recertification audit.	Ghana
2015	Project Manager: Project managed and reviewed an environmental compliance audit of DB Thermal located in Nigel.	South Africa
2015	Project Manager: of pre-acquisition environmental due diligence site assessments and compliance audits of four Nampak packaging facilities located in Durban, Cape Town and Port Elizabeth.	South Africa
2014	Lead Auditor: On behalf of Kinross Gold Corporation, led an International Cyanide Management Code (ICMC) re-certification audit of the Fort Knox Gold Mine located in Alaska, USA.	USA
2014	Lead Auditor: Completed an environmental due diligence liability assessment and compliance audit of a carbon black production facility for Orion Engineered Carbons.	South Africa
2013	Lead Auditor: on behalf of Albemarle Corporation completed an environmental compliance audit of the Jordan Bromine Company UBC facility located in the Safi region of Jordan and storage and shipping facility at Aqaba on the Red Sea.	Jordan
2013	Lead Auditor: Environmental Health and Safety compliance audit of a Givaudan flavours production facility located in Tulisa Park, Johannesburg.	South Africa
2013	Lead Assessor: Completed a high-level environmental risk assessment (ERA) of over 5000 fuel retail forecourt and commercial properties located throughout South Africa. The objective of the assessment was to prioritise sites for further investigations.	South Africa
2013	Project Manager: Environmental Site Assessments of 89 fuel retail stations throughout north eastern South Africa. The scope of work included targeted soil and groundwater sampling and interpretation of analyses.	South Africa
2013	Project Manager: for a high-level environmental site assessment of approximately 2000 hectares of land formally associated with a chemical facility on behalf of a prospective developer. The purpose of the assessment was specifically to identify any contaminated land liabilities.	South Africa

Auditor Credentials Form International Cyanide Management Code Audit

Year	Type of Facility/Type of Audit Led	Country
2013	Project Manager: for pre-acquisition environmental due diligence (EDD) on behalf of buyer. Site activities included industrial pump assembly and the manufacture of urethane pipe lining for Clyde Blowers in Richards Bay, South Africa.	South Africa
2012-2013	Lead Auditor: On behalf of Total South Africa, managed and completed environmental reviews and site assessments including contamination audits of 13 fuel retail stations located throughout 4 Provinces in South Africa.	South Africa
2011-2012	Lead Auditor: Environmental review, site assessment and project brief prepared in support of an Environmental Authorisation in accordance with Ugandan regulations for Environmental Impact Assessments.	Uganda
2012	Project Manager and Lead Auditor for pre-acquisition due diligence assessments of 14 storage warehouses, a pasta production plant and flour mill in Abidjan.	Cote d'Ivoire.
2012	Technical Auditor: Involved in the pre-acquisition EDD assessment of a former steel foundry site and soap production plant in Abidjan and Bonoua, Cote d'Ivoire, included managing an intrusive ground investigation.	Cote d'Ivoire.
2012	Project Manager and Auditor: Environmental and compliance assessment of three ink packaging and mixing facilities as part of a divestiture process in Cape Town, Durban and Johannesburg, South Africa. 	Kinross/Barrick joint venture) mining operation in Nevada.	
Other Audit Experience		
2005	Alcoa Inc., Lead Auditor for an environmental compliance audit of an aluminium extrusion and fabrication plant in Alberta. Scope of the audit evaluated plant operations against federal, provincial and municipal legislation.	Canada
2003	BC Hydro, Lead Auditor for an ISO 14001 EMS audit of the BC Hydro's Construction Business Unit (CBU). The audit client was BC Hydro Corporate. The scope of the audit included CBU's main office, field operations facilities in Surrey and Kamloops and one capital project. The audit criteria were CBU's environmental management system; there were two members of the audit team.	Canada
2001	Canadian Coast Guard, Lead Auditor for audits of three Canadian Coast Guard (CCG) Bases located in Prince Rupert, Victoria and Sydney, British Columbia, for the BC Department of Fisheries. The audit subject included environmental management systems (EMS), environmental compliance, solid waste, water and energy use and efficiency and the scope was limited to onshore facilities (workshops, ship repair, buoy painting and maintenance, helicopter base, research facilities, marine search and rescue and warehouse support). Audit criteria included federal, provincial and applicable municipal legislation, and the CCG EMS. The team comprised six auditors and the field work was undertaken over a period of 4 weeks.	Canada
2006	Syncrude Canada Ltd., one of a team of four auditors on an environmental health and safety audit of Syncrude's main oil sands Aurora open pit mine site 60km north of Fort MacMurray, Alberta. The scope of the audit included all aspects of mine planning, operations, maintenance and closure, as well as then oil hydrotreaters and slurry pipeline to the refinery. The audit criteria were Syncrude's EMS and environmental health and safety procedures. The audit included compliance to the Mine Permit and federal and provincial legal requirements.	Canada
2005	Syncrude Canada Ltd., one of a team of four auditors on an environmental health and safety audit of Syncrude's main oil sands open pit mine site in Fort MacMurray, Alberta. The scope of the audit included all aspects of mine planning, operations, maintenance and closure. The audit criteria were Syncrude's EMS and environmental health and safety procedures. The audit included compliance to Mine Permit and federal and provincial legal requirements.	Canada
2005	Syncrude Canada Ltd., one of a team of three auditors on an environmental health and safety audit of Syncrude's Central Maintenance Supply Services Division in Fort	Canada

Auditor Credentials Form International Cyanide Management Code Audit

Year	Type of Facility/Type of Audit Led	Country & State/Province
	MacMurray, Alberta. This group is responsible for equipment maintenance, warehousing and worker supply. The scope of the audit included facility operations and maintenance and contract management. The audit criteria were Syncrude's EMS and environmental health and safety procedures; included verification of compliance with federal and provincial legal requirements.	

Statement of No Conflict

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
