The audit followed the Code's principles and practices. Daily meetings were held with the key mine management staff to discuss the audit findings and information requests. Technical Auditor for handling, storage, operations, safety, emergency response, training and public consultation.	Nevada

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Pamela J. Stella, Certified Environmental Auditor, M.Sc. in Geology	35	Senior Mining Environmental Consultant	Since 1989, Ms. Stella has provided environmental services to gold mine operations worldwide. She was Manager, Environmental Affairs Corporate for Kinross Gold from 2010-2015. She was responsible for the Kinross's Corporate Global Audit Program. She also was the acting Environmental Director for the Fruta del Norte Project prior to Kinross selling the Project to Lundin Gold. She was the National Mining Environmental Coordinator for Golder Associates Inc. and spent approximately 90% of her time providing the following services to gold operations: compliance auditing, mine permitting, ground and surface water management, development of environmental management plans, contingency plans and health and safety plans, project manager for bankable environmental baseline studies and environmental impact assessments for gold mining operations (exploration through closure) to local regulations, international best practices and World Bank guidelines. Her former career as a registered nurse allows her to fully evaluate health and safety issues. Her technical background is in geology and water resources.

SSR Mining Inc., Marigold Mine Recertification Audit

Statement of No Conflict

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
