Cyanide-related Operations Experience

Each auditor must have at least 3 years; at least one auditor must have at least 7 years' experience.

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Kent R. Johnejack	20+	Registered Professional Engineer (Civil); Senior Engineer/Principal; and Certified Environmental Auditor	Since 1995, Kent has worked in the mining industry as a consulting engineer and hydrologist. He has been involved with groundwater and surface water permitting, closure, remediation, spill cleanup, due diligence, waste characterization, sampling and analysis, civil design, construction oversight, regulatory compliance inspections, and auditing. Prior to 1995, Kent worked in land development, infrastructure, and low-level radioactive waste projects.
Bruno Pizzorni	11+	Senior Engineer and Certified Health and Safety Auditor	Bruno has worked in the mining industry as a consultant since 2003. The experience has been at polymetallic and gold mines, and covers mainly health, safety and environmental aspects throughout the mining life cycle. Bruno has training and expertise in Health and Safety and is registered in the OH&S program of the International Register of Certified Auditors (IRCA). Prior to 2003, he worked as a field engineer and project manager in the the construction industry on oil and gas or mining projects.
Mark A. Montoya	25+	Registered Professional Engineer (Civil); Certified Environmental Auditor; Mining, Environmental, and Engineering Consultant	Mark has over 29 years of diverse experience in design and development of natural resource, industrial and commercial projects, with over 25 years of his experience within the mining industry operational and environmental planning, environmental compliance, regulatory permitting, engineering and project management. Approximately 80 percent of his mining experience comprises gold projects using cyanidation techniques.

Yanacocha Mine, Cajamarca, Perú
Recertification Audit

Statement of No Conflict

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than three consecutive Cyanide Code audits of this facility. I have participated in at least three health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.

Signed	Name	Signature	Date
