-----------	---	------------------------

**Cyanide-Related Operations Experience**

Each auditor must have at least 3 years; at least one auditor must have at least 7 years experience

Auditor	Yrs.	Relevant Position Titles	Types of Operations
Edward W Clerk, CEnvP	2	Senior Environmental Scientist	Since August 2004, Mr. Clerk has provided environmental consulting services for the mining industry. Approximately 50% of his time has been spent with gold operations including new mine operating plans, mine permitting, compliance auditing, remediation and closure plans, and closure cost assessment.
	6	Environmental Superintendent – Tanzania Environmental coordinator.	Between 1996 to 1998 and 2000 to 2004, Mr. Clerk has provided in-house environmental management and auditing services to gold mining companies in both Western Australia (Reedy Gold) and Tanzania (Barrick Gold).

**Statement of No Conflict**

I certify that I have not audited any component of this facility for which I was responsible for design or development; nor have I within the past year been an employee of the facility, its parent company, or associated affiliates. Excluding audits, I have not derived more than 30% of my income within the past 5 years from the facility, its parent, or associated affiliates. I have not participated in more than two consecutive Cyanide Code audits of this facility. I have participated in at least 3 health, safety, and/or environmental audits in the past 7 years and am familiar with standard audit procedures as well as with the protocols developed by the International Cyanide Management Institute for implementation of the Code.
